

FRESHMEN TO PRESENT TWO SHORT PLAYS

**Copper Plate Will Be
Awarded to Best
Class**

SHOW BEGINS AT 8

**Hawaiian Girls Will
Render Native
Selections**

Tonight at eight o'clock at the Central Union Parish house, when the curtain rises and the freshman class presents "The Trysting Place" and "The Lights of Happy Land," the inter-class dramatic competition begins.

PRIZE WILL BE COPPER PLATE

Miss Carolyn Shepherd and Miss Katherine Philbrick are in charge and the students who are taking part in the plays, have been rehearsing diligently as they hope to win the prize which the alumni chapter of Theta Alpha Phi, the only Greek letter honorary society at the University, is awarding to the class which presents the best plays. The prize is a copper plate with a mask etching on it and it is being made by Miss Leonie Schwallie, former student of the University, who is now teaching art appreciation at the Washington Junior High School.

Sophomore dramatic night will be held sometime next month; February, the juniors will give their plays and in March the seniors will present their program.

The players will be judged on memory, presentation, and the polished manner in which the plays are presented.

THE CAST

"The Trysting Place," by Booth Tarkington, is coached by Miss Shepherd. The cast includes: Lancelot Briggs taken by Chad Penhallow; Mrs. Curtis played by Miss Adeline Marques; Jessie Briggs taken by Miss Beatrice Newport; Rupert Smith by George Perry; Mrs. Briggs by Miss Shepherd; Henry Ingolsby by Hugh Pattern; and the Mysterious Voice by George "Buster" Crabbe.

HAWAIIAN GIRLS TO SING

Miss Lois Bates is coaching "The Lights of Happy Land" written by Marion Short. Those taking part are: Margery Gordon, a Southern girl, Miss Bates; Emily May, Margery's aunt, Miss Florence Johnson; Mammy Loue, Margery's nurse, Miss Alice Bell, and Lee De Claviere, Margery's Prince Charming, David Silva.

During the intermission between the two plays, the girls in the Hawaiian group will entertain with singing Hawaiian songs.

Christmas Program For Last Assembly

To close the school term for a Christmas vacation without having any Christmas program would not seem that the holiday season is before us, and in order to carry out this spirit of good cheer, a general assembly will be held tomorrow at one o'clock in Room 104 when a special musical Christmas program will be offered.

The singing of the carols will be led by Professor Paul Kirkpatrick, director of the University chorus, who will be accompanied by Mrs. Kirkpatrick at the piano and Ben Dorfman, instructor of commerce, playing the violin.

One of the features of the program which, it is said, will prove very delightful, will be the singing of carols in German, rendered by Mrs. Maria Hoermann's classes in German. These classes have been practicing these songs under Mrs. Hoermann's direction.

A.S.U.H. to Give Dance for Aggies

The University library will not resemble a class room where students go forth to study, but rather, it will be transformed into a garden of green palms surrounded by softly shaded lights, Saturday evening, December 17, from 8:30 to 12 o'clock when the Associated Students of the University of Hawaii entertain the football team of the Utah Aggies at a dance after the Aggie-Dean game in the afternoon.

According to J. M. Huey, who is in full charge of this social event, and Miss Gladys Pearce and Percy Smith, of the A. S. U. H. Executive Committee, the dance promises to be quite a gala affair.

During the past two weeks, plans have been under way and a program composed of Hawaiian songs, ukulele and steel guitar solos and the hula, the native Hawaiian dance, has been arranged which will be given during the intermissions. Music will be furnished by the "Jolly Serenaders."

Dean and Mrs. A. R. Kellar, Dr. and Mrs. A. L. Andrews, Dean Dora Lewis, Col. and Mrs. Adna G. Clarke, and Mr. and Mrs. Otto Klum will act as patrons and patronesses. All A. S. U. H. members are in vited to attend and also outsiders who are accompanied by A. S. U. H. members.

Icebound May Be Given Again

**Cast May Go to Maui;
Play Well Received
Locally**

Due to the tremendous success of the University of Hawaii's latest play "Icebound," negotiations have been started with people on Maui with the view to presenting the play on Valley Island. Definite word has not yet been received from Maui as to whether or not the proposition will receive enough support there to warrant the trip.

ENTIRE CAST MAY GO

If arrangements can be made with friends of the University on the other island, it is planned to take the entire cast of "Icebound" on the trip. Miss Floralyn Cadwell, dramatic coach, will accompany the cast, and it may be necessary to take one of the stage hands, although efforts will have to be made to keep expenses as low as possible.

INVITATION EXTENDED

On December 30 the Dramatic club has been asked by Chaplain Blanchard of the 21st Infantry to present "Icebound" at the 21st Infantry auditorium at Schofield. Before the play is given, the cast and those of the production committee who go out will be guests at a turkey dinner given at the Officers' Club, and after the show they will all attend the New Year's (Continued on page 3)

Rally Tomorrow

The final football rally for the year, and one which is expected to surpass all previous gatherings of a like nature held during the season, will take place tomorrow evening at 7:30 o'clock sharp in front of Hawaii Hall. Joe Gerdes, chairman of the program committee declares that the rally will be held regardless of the mood that Jupiter Pluvius will be in tomorrow night.

As Ka Leo goes to press, it has not been definitely decided as to what will constitute the program for this very important rally. All students are urged to turn out at 7:30 P. M.

Utah's smiling captain, Harold "Tuff" Linford, whose genial countenance is pictured above, ranks as one of the outstanding tackles in the country. Last year Linford received All-American mention on the Warner-Rockne-Jones selection. His running mate, on the right, is none other than Wes Sorenson, red-haired line-man on the Aggie squad. University fans will see them both in action this coming Saturday.

Fourteen Will Try For Places On U.H. Pan-Pacific Team

**Haole, Japanese and
Chinese to Make
Orient Trip**

Professor J. M. Baker, coach of debate, issued a first call for candidates who intend to make the University of Hawaii Pan-Pacific debate team. The team is to be composed of one Haole one Japanese, and one Chinese.

STUDENTS TRY OUT

In response to the call, 14 students assembled last Wednesday to discuss with Prof. Baker the details of the trip. The Chinese group was represented by Quan Lun Chung, Ah Bo Chum, Ah Leong Fong, Kam Tai Lee and David T. Yip, while the Japanese group included Coykendall, Joe Gerdes, Donald Morrison and Stowell Wright came out for the haole group. Mitsuyuki Kido, Walter Mihata, Jack Wakayama, Thomas Kurihara, and Shigeo Yoshida were candidates from among the Japanese students.

WILL LEAVE IN JUNE

According to present plans, the team will leave Honolulu for the Orient sometime in June. The team may have the opportunity to make a trip not only to the Orient but also to the Philippines, New Zealand, Australia and the Pacific coast of the United States, making a complete Pan-Pacific debate tour.

WEEKLY MEETINGS

To give the members of the team as much practice as possible, Prof. Baker intends to have weekly meetings of all the candidates for the team. Practice will be held not only in analyzing subject matter for debate but also in improving the posture, delivery, and pronunciation of the debaters.

TO WORK HARD

Last year the Pan-Pacific Union was about to send a team to the Orient when some unforeseen difficulty entered to make the trip impossible. Prof. Baker feels that, had a group turned out last year and worked hard for the trip, the tour would have been a reality. Accordingly this year, Prof. Baker is trying to get the group of twelve men to begin planning and preparing for the trip.

Announcement

The officials appointed by Hung Wai Ching, varsity track captain to take charge of the cross-country run tomorrow, are as follows: Referee, Otto Klum; clerk of course, A. O. Giles, assistant, T. Ellis; judges, "Spud" Harrison, Professor A. Neuffer, Charles Cooke, Kenneth Chun and Percy Smith; timers, Professor Paul Kirkpatrick, Dean A. R. Kellar, and Dean A. L. Andrews; starter, Col. Adna G. Clarke; scorers, James Chun, Kam Tai Lee.

SANTA CLARA MEETS HAWAII

**Versatile Bronchos
Tangle Here Next
New Years Day**

Hawaii will be opposing a new opponent next New Year's day, for it is on January 1, 1928 that Dean tackles Broncho in the grand windup of the 1729 Gridiron season. The Bronchos, as the Santa Clara pigskinners have come to be known, will invade Honolulu with a reputation as formidable as any team which has yet battled a Green and White squad, and being by far the most powerful and versatile aggregation to visit this Pacific Paradise.

BEAT STANFORD

Hailed far and wide as the conqueror of the great Warner-coached Stanford team, the California team comes here to maintain a near perfect record and to mark a fitting finish to a season that has been without parallel in Santa Clara football history. Under the tutelage of Coach Adam Walsh, who was captain of the famous Notre Dame team when the Four Horsemen were riding up and down the gridirons of the country, the Bronchos have made a name for themselves in national football ranks, and are known as a scrappy, hard hitting bunch of performers. It is just this type of team which is always hard to beat and you can take our word for it that mighty few teams have turned the trick this year. Add to this fact the employment of the tricky Notre Dame shift which Santa Clara executes in all its intricacies and involved plays; with the successful use of the shift and the right kind of men to play it, Walsh has perfected an attack which has a 100 to 1 chance of piling up the University of Hawaii, with the 1 in our favor.

DEANS HAVE JOB

Be that as it may, the New Year's game will give University students another chance to get back again at the few fans who still maintain that the "Town Team" would lick the respective pants off Hawaii were the (Continued on Page 4)

Chinese "U" Women Change Program

The program for the Chinese Adelphai Girls' festival has been altered considerably at a recent meeting, of the University Chinese women.

Because of inadequate and inappropriate Chinese costumes, it has been decided that some features that were formerly announced in Ka Leo to be on the program will be excluded, and new features, just as unique, will be substituted.

Miss Wai Sue Chun, program chairman, has a number on the program the "matching phrase" game. Announcement of this is made at the present time so that all women students who intend to come may begin to think up some names. The idea of

To Stage a Model Pacific League of Nations at the "U"

**Cosmopolitan Club to
Try to Sponsor
Convention**

One of the chief activities of the Cosmopolitan Club is the sponsoring of a debate tour to the Orient either during the next summer or early fall.

The club is promoting the formation of a Pacific League of Nations in which students of the University of Hawaii will form the different racial groups of the various countries bordering the Pacific. This Pacific League of Nations will be a model for instruction of university students and town people who are interested in the workings of the League of Nations. This organization will be formed in accordance with Duncan Hall's Model League of Nations at the University of Syracuse.

Percy Lydgate is now on the mainland to attend the meeting of the national Students' Federation and to secure its approval to hold its convention in Honolulu in 1928. The club also aims to convene in a student conference in Honolulu sometime during the summer of 1928.

The Cosmopolitan Club hopes that students of the University will become interested in problems of the Pacific area, and also that all those interested, whether men or women, will join the club.

Class Debate Teams Chosen Yesterday

Tryouts for the class debate teams were held yesterday in Room 108, Hawaii Hall. There were about four seniors, many juniors and a dozen sophomores.

All candidates spoke on the question, "Resolved, that criminal procedure in the United States should be amended to prevent such delays as occurred in the Sacco-Vanzetti Case."

The judges of the tryouts were, Shunzo Sakamaki, a graduate student and formerly a varsity debater, Dr. P. S. Bachman, instructor in political science and history, and an instructor at Mid-Pacific Institute.

Interclass competitions will begin sometime during the middle of January.

The game is that each guest write down the name of a place and the most outstanding characteristic of that place. For example, Venice—gondolas. The one who has the longest list of names will receive a prize.

Symbols of Chinese beliefs will be explained by the hostesses so that the guests may better understand the superstitions of the Chinese people.

The Chinese celebration for girls, the Seventh Day, Seventh Month Festival, as it is commonly called, will also be included in the program for the afternoon.

HUSKY UTAH AGGIES HIT HONOLULU

**Farmer Squad Very
Impressive; To
Stay at Wahiawa**

ROMNEY PLEASED

**Captain Linford and
Bob Gibbons on
All-American**

Nineteen husky Utah Agricultural College Farmers sailed into Honolulu harbor yesterday morning on the S. S. Ventura and stepped ashore just as a Hawaiian sun came shining through the early morning mists along the waterfront, as typical a first impression as any visitor could ask for. Led by Coach Dick Romney and Captain Harold "Tuff" Linford, the Aggies have invaded the Dean domain boasting of nothing more than a stubborn defense and an offense based upon the good old fundamentals of football. And when a team comes to Hawaii and says this in the quiet way the Aggies have, why just look out.

GREETER OFF PORT

The U. A. C. gridders were met off port by the University representatives, including Coach Klum, Captain Sonny Kaeo, P. P. Huey, as well as Don Watson and Ezra Crane, local sport scribes. After preliminary formalities had been dispensed with, Coach Romney informed Klum that the squad was in the very best of shape and that they expected to put in the next three days getting down to real football, which he intimated would be rather hard to do after having such a boisterous time on the trip coming over. Romney will put his Aggies up at the Wahiawa Hotel at Wahiawa until the morning of the (Continued on Page 4)

Adelphai Club To Raise Money For Girls' Rest Room

A drive is being sponsored by the Adelphai Club in order to raise money to purchase curtains, couch covers, and pillows for the women's rest rooms. The drive started yesterday and will be continued throughout the week until the required amount is raised. 25 cents is the contribution requested of all women students and the Club hopes to raise \$40.

TO BEGIN DURING VACATION

The University will have the walls and woodwork painted and will match the amount raised by the women students. The art class in interior decoration has worked out some color schemes for redecorating the rest rooms. Five of the best color schemes have been submitted to the Adelphai Club, which is anxious to have the work start during the Christmas vacation. The women will be asked to vote on their preference in the color scheme.

LEADERS MEET

Eleven women will head the teams and will interview all the women members of the University personally. A meeting of Miss Violet McKenzie, Miss Lois Bates, Miss Carolyn Shepherd, Miss Ada Forbes, Miss Maria K. Wong, Miss Rose Louise, Miss Sylvia Dean, Miss Ethel Franson, Miss Chiyoko Sadayasu, Miss Lellani Rohrig, and Miss Lillian Abe was held Tuesday and were given a list of members for their respective teams. Those who have not yet contributed, may see any of the above team captains.

U. H. Recognized

Hawaii has been placed upon the approved list of the Association of American Universities, according to a note just received at the President's office from Adam Leroy Jones, chairman of the Association.

"I take pleasure in advising you that at its recent meeting the Association of American Universities voted to place the University of Hawaii upon its list of approved institutions," said Jones in his letter addressed to President Crawford under date of November 30.

Aloha, Utah Aggies

The students and faculty of the University of Hawaii extend their sincere aloha to the invading Utah Agricultural College football team. We are glad to welcome a team coming from afar, to the Paradise of the Pacific. It is indeed a rare privilege for Hawaii to have the opportunity to meet the representatives of the Rocky Mountain Conference for the third time.

Two years ago, Hawaii defeated the Silver and Gold aggregation of Colorado, Conference champion, by a decisive score of 13 to 0. The Deans were the only team to defeat Colorado and to cross her goal line that season.

Last year, the University of Utah, winning the Rocky Mountain Conference championship, invaded Hawaii to avenge the defeat of Colorado. Outweighed and outplayed, but not outfought, the Rainbow Warriors put up a scrappy battle, but were unable to defeat the Conference champions.

Thus far, Hawaii has one victory to its credit and so has the Rocky Mountain Conference. Saturday, Hawaii will meet another powerful representative from the Conference for the third consecutive time. Although the Utah Aggies have not captured the Conference championship, they have shown that they are worthy and strong opponents. With honors evenly divided and with football record at stake, we expect to witness a thrilling, hard fighting game. May the contest be marked by clean, hard fight, and may the best team win.

Cross-Country

While most of us have been more or less absorbed in discussing the pro and con of our football victories or pondering over the relative merits of the teams that have graced local gridirons, a little group of University men have been diligently going through a rigid period of intensive training to prepare themselves for the first interclass cross-country run sponsored by the A. S. U. H. Day in, day out; through rain and mud, these enthusiastic athletes, in their light running suits, plodded along, intent upon bringing themselves to a point of bodily health and efficiency that can be attained only through patient and constant training. Tomorrow afternoon, they undergo the gruelling test.

Cross-country running is a comparatively new sport at the University. While it has not been given as prominent a place in athletic activities by Americans as it has been by the English, still this ancient form of physical contest attracts much attention in mainland colleges. Columbia, Yale, Cornell, Dartmouth, Syracuse and other large institutions have cross-country teams of high repute, equal to the best that the Britishers, who are considered to be among the best in the world, have been able to produce.

Ka Leo believes that more of the men in the undergraduate student body should take up this sort of exercise. It is healthy recreation and may be participated in by any person with a good pair of legs. It is perhaps the most economical means whereby a person can resort to, in keeping himself fit. Too often we are apt to forget the great truth in the proverb, "Mens sana in corpore sano," and neglect bodily welfare. Here is a form of exercise that you can readily take part in and one that is worthy of the stoutest athlete, for it demands the same qualities required of a football or a basketball player.

"Our Business"

On Saturday evening, in the library, the University will be host to the members of the visiting football team from Utah Agricultural College. The occasion will be an University dance, at which time the visitors are to be officially welcomed by the student body. Due to the short space of time in which they will be with us, the committee in charge has not found it possible to arrange for more than one or two entertainments in honor of the Utah boys. It is therefore important that every student should take it upon himself to make these affairs as entertaining and enjoyable as possible for our guests. These boys are, almost without an exception, "malihinis" making their first trip to the Islands. It's our business to make their stay here something that they will remember for a long time.

World Debate Tour

To say that the world is getting smaller is a trite expression, but one that is increasingly becoming true. The tremendous increase in the means of transportation with corresponding decrease in the costs of travelling, has not only brought different sections of the world into a closer, more direct contact, but also has opened up vast educational and inter-racial possibilities.

Educational institutions have taken advantage of the rapidity and low cost of transportation. This is especially true with the colleges which have undertaken extensive tours. In 1921, Bates College sent the first intercollegiate debate team across the Atlantic. Oxford University in 1924, sent a graduate team around the world. University of Oregon debate team, which recently met the Hawaii teams, is now making a world tour. We now have information that Bates is undertaking a world debating expedition. Here in Hawaii, a definite plan has already been worked out to send an inter-racial team throughout the Orient and other Pacific lands.

From the standpoint of education, these tours offer the debaters first hand knowledge of the conditions in foreign lands. Contact and association with men and institutions with different customs, ideals, and backgrounds, tend to develop an international mind and a more tolerant attitude to things foreign. With extreme conservatism, we can say that a world debate is equal to a year in college.

An Open Letter

Dear Editor:

Many students do not realize how much the University Band is doing for the school and for the students. Although we cannot give too much credit to the members of the Band, Ralph B. Cloward, a sophomore, at least deserves a few words of praise for the work he has done. Previous to this year, there was a hired band instructor, but since last September Cloward has taken the burden of organizing and instructing the Band.

A band instructor is not an easy position especially where the materials are from different sources of unequal ability. Besides it is beyond a student's ability to make an excellent band from the rugged musicians, and providing suitable music for the various occasions. The fine showing that the Band has made during the pep rallies, football games, parades, and other occasions, is greatly due to the excellent leadership and instruction Cloward had given the Band.

Cloward and his men deserve favorable comment from the entire student body.

N. MURAMARU.

Students Help To Raise Fund

Japanese Books Will Be Presented to Library

Dr. Tasuku Harada, Professor of Japanese History and Literature, Vice-Consul Takeuchi of the Japanese Consulate, Seichi Harada, of Sumitomo Bank and T. Onodera of the Japanese Chamber of Commerce are members of the committee in raising a fund to increase the volume of books relating to Japan, for the library of the University. While in Japan last year Dr. Harada saw various people and was promised a sum of five thousand yen to further this important work, by Viscount Shibusawa, a well known peer who has many friends in Hawaii. Here in Honolulu many important Japanese merchants were approached by the committee, and more than a thousand dollars were pledged by them. The Japanese community has also been asked to contribute whatever sum it could give to reach the goal of two thousand five hundred dollars.

STUDENTS PLEDGE

The Japanese students who graduated from this institution all pledged ten dollars apiece. Those who are still in school were approached by Shunzo Sakamaki and a few others last semester to pledge at least two dollars and fifty cents. As a result, more than two hundred dollars were raised. This sum being far below the quota set for the students, the members of the Friend Peace Scholarship Club are continuing the work. Those who are on the committee are Richard Kaneko, Sam Kawahara, Paul Osumi, Misayo Ishizaki, Yoichi Hanaka, M. Nukaga, and Takeo Minatoya.

WILL SELECT BOOKS

Professor M. Anesaki, librarian of the Imperial University of Tokyo, a close friend of Dr. Harada, has consented to make the selection of the books. He has also donated a large number of books from his own library some time ago. The books will not be all in Japanese. Half of them will be in other languages.

TO ARRIVE SOON

According to Dr. Harada, the first shipment of the books ordered will reach the University within a week or so. They will consist of four hundred sixty-eight volumes, amounting to two thousand yen. He further said that the next order will be sent in a few weeks, and to purchase the entire lists of books prepared by Professor Anesaki and Dr. Harada, a sum of eight thousand dollars will be needed.

Gen. Conner Praises Scenery of Hawaii

General Fox Conner, commander of Schofield Barracks and world-wide traveler, said when comparing the Hawaiian Islands with his former army posts:

"The scenery of these islands surpasses that of any I have ever seen. I can find no fault with the climate; it is ideal. So taken all in all—I am more satisfied with this post than anywhere I have ever been stationed."

In this day of international distrust and misunderstanding, international debates can do much to clear the path for more amicable relations. By bringing together the talented men, who are destined to be the future leaders, in a friendly interchange of ideas and views, we can build a common ground for the future leaders of the different countries.

President Calvin Coolidge, in a letter to President Gray of Bates, wrote, "I think the international debating bouts, bringing together the representatives of the universities of both sides of the Atlantic, constitute of the surest modes of promoting permanent amity and true understanding."

Jain Returns From Trip To U.S.

Is Representative of Indian Government

Sumeru Chundra Jain, who has just returned to Hawaii from an extensive tour of inspection of all the big sugar plantations on the mainland, will leave shortly for India, where he will be appointed Consulting Sugar Technologist for the Indian Government Sugar Plantation.

Jain, who, for two years prior to his mainland trip, studied Sugar Technology at the University of Hawaii, expressed much pleasure with the various sights he saw during his travels.

His account of the journey is as follows:

"I left Honolulu on the Matsonia last June, and experienced homesickness in a moderate degree when I saw the shores of Oahu fade out of sight. I had a very enjoyable trip to the coast, and, after a short stop in San Francisco, the boat took me up to Crockett where I was scheduled to spend three months of study in the C. and H. Sugar Refinery there.

KELLER AND REGENTS HELP JAIN
I would like to remark here that it was through the efforts of Dean Keller and the Board of Regents of the University of Hawaii that I was able to do this, as students are not generally accepted at the refinery. I am unique in being the only student ever allowed the length of study there that was afforded me.

I was very much impressed by the Refinery—it is said to be the biggest and one of the most up-to-date sugar refineries in the world. I was treated very courteously by the officials and employees there, and look back upon the experience as one of the most enjoyable I have ever had.

While I was there I worked in every department of the mill; I started in at the pier where the ships discharged their loads of raw sugar.

From there I went to the cutting station, where the bags of sugar are cut open and the contents thrown into big melting vats, whose capacity is 2,200 tons in 24 hours.

SUGAR IS CRYSTALLIZED

After the sugar has been thus treated, it goes to the char house, where it is decolorized. The white, liquid sugar obtained from this treatment is sent to the vacuum pans, is boiled again and crystallized into coarse sugar.

After this operation has been performed, other operations are gone through to obtain the various grades of sugar required, from powdered sugar to confectioner's sugar—a grade of sugar with very coarse crystals.

The mill is worked in three hour shifts, of eight hours each. An idea of the size of the plant may be shown by the fact that 500 employees are used on each shift.

The Sugar Company treats its employees very well—they have for the exclusive use of employees, a hotel, library, soda fountain, moving picture theater, gymnasium, swimming pool, and tennis courts.

VISITS LOUISIANA

After the completion of my course at Crockett, I visited the Grand Canyon in Arizona. It was a beautiful sight—no words of mine can describe its wonders. From there I went to Louisiana and visited the sugar plantations and refineries of the state. Although some six months have elapsed since the Mississippi overflowed its banks and flooded the surrounding country, the damage done remains. It is a depressing sight to see the fields still full of water, towns absolutely wrecked, and the poor people living in miserable shacks set up on any piece of land that is not covered by water.

The work of rehabilitation is going on rapidly, however, and things will soon be in good condition again.

SEES WHITE HOUSE

On my way to Washington, I passed through Cincinnati and visited the University there. In Washington, I visited the White House. Unfortunately I was unable to shake hands with the President, but I had the honor of sitting in the chair generally occupied by the Chief Executive. I can now say, without fear of contradiction, that I once took the place of the President of the United States.

In Baltimore, at the Fair of the Iron Horse, which was held to commemorate the opening of the Baltimore and Ohio Railway 100 years ago, I got a glimpse of Henry Ford, the man who is causing so much disturbance in automobile circles.

I also visited the Johns Hopkins

New Dorm Rules To Be In Effect

New rules, to take effect immediately and to be in force for the rest of the year, were drawn up in a meeting of Men's Dormitory held in the building last Friday.

It was considered necessary by the House Committee to make changes in the rules to prevent outsiders from making the dormitory their "hangout" and creating too much noise to allow the dorm members to study.

The changes, approved by a majority of voters, were that outsiders were to be allowed in the rooms only by permission of one of the House Committee, and that outsiders who wished to play bridge could only do so in the main living room and then only when there was a dormitory member in the game.

The House Committee which will enforce these new rules is composed of Dr. E. M. Bilger, J. Gerdes, L. Giacometti, and H. Bartels.

Immediately after the Christmas vacation the Juniors in R.O.T.C. will take up the study of machine guns; sophomores, the study of musketry; seniors, the study of military history; and the freshmen will continue with their regular drills.

Institute in Baltimore—it is said to have one of the best medical colleges in the United States.

LIFE IN NEW YORK

Honolulu has Atlantic City, my next port of call, beaten by a mile. The biggest thrill of my whole trip was the city of New York. I think there is no city in the world that has so much life. New Yorkers are always on the go—they work all day and spend their nights at the night clubs. I went to one of them once and enjoyed it very much—they had wine, women, and song galore, right out in the open without any regard for the law. Prohibition is a failure there as it is in most places I visited in the United States.

WEST POINT CADETS PARADE

I was fortunate in being able to witness a dress parade at the United States Military Academy at West Point. The cadets marched wonderfully and reminded me of the R. O. T. C. boys at the University of Hawaii. By the way, I was told that the University of Hawaii R. O. T. C. unit was considered one of the best in the States by the officers of West Point, a fact that Hawaii may well be proud of.

From there I went to visit the University of Harvard in Cambridge, Massachusetts. The students there seem to take much interest in their studies, as the library is always full of industrious undergraduates.

NIAGARA IS A WONDER

Niagara Falls, my next stopping place, was wonderful. The magnitude of the sight is enough to make anyone gasp. While the place is beautiful enough in the day time, it is transformed into a fairy land at night.

Some 30 searchlights are focused on the roaring water after dark, and the spray thrown up in the turmoil refracts the beams of light into the most beautiful rainbows.

I went through the hydro-electric plant there, which is considered the largest of its kind in the world.

VISITS FORD FACTORY

While I was in Detroit, I visited the Ford Factory there. I saw the mysterious new Ford—it is a fine looking car, very similar to the Lincoln, but much smaller. All the machinery in the factory had to be changed to put out this new car, and it is a very busy place, every man has a position in a line and as an engine or a body comes past him, he puts one bolt or screw in it. Everything is done systematically.

When I arrived in Chicago, which is, by the way, a very dirty city, I heard there had been a battle that very day between the police and some crooks, but I did not get to see it. I saw a football game between the Universities of Chicago and Pennsylvania, however, which somewhat made up for the loss. The cheering of the rival colleges would have put the University of Hawaii cheering section to shame, it was so good. They yelled most of the time.

In Colorado, I visited the Colorado Springs, one of the most beautiful scenic spots in the Middle West.

SWIMS IN SALT LAKE

One of the most peculiar incidents of my trip happened at Salt Lake City, Utah. I went for a swim in the Great Salt Lake, which is so salty that it is almost impossible to dive under the surface of it. I know, for I tried to, and met with little success. It is a most peculiar sensation to swim in it—it is like swimming in a feather bed.

My tour ended when I arrived back in San Francisco a few days later.

I left on the Manoa on the second of November for Honolulu, and am very glad to get back. I leave for India next June, where I shall go to work for the Indian Government.

Professor Baker Invites Bates To Debate U.H. Team

Definite Answer to Be Received During Vacation

Professor J. M. Baker, coach of debate at the University of Hawaii, has written to Bates College in Lewiston, Maine, last Friday, in order to arrange for a debate with the round-the-world debaters who are to make their first stop in Honolulu after leaving San Francisco. Hawaii has been fortunate in having the opportunity to meet the world-touring Oregon debating team. Professor Baker expects an answer sometime during the Christmas vacation.

TO COME TO HONOLULU

According to present plan, the team expects to go to San Francisco, embarking there for Honolulu, the Philippine Islands, New Zealand and Australia. It will then cross to Cape-town in South Africa, proceeding up the west coast of Africa, through the Suez Canal, Mediterranean Sea, the Straits of Gibraltar, and up on to England, where they will sail for New York. About 25 debates will be held during the tour. The team has not yet been chosen. The coach will be Brooks Quimby, formerly an inter-collegiate debater of ability.

GOOD RECORD

Bates College has earned a reputation as a champion debating college. With the first beginning in 1896 when its first intercollegiate debate was held, Bates has taken part in 106 contests including 21 with foreign universities. Out of these, she has won 82, not including four in which there were mixed teams or no decisions.

In 1921, for the first time, Bates sent an intercollegiate team across the Atlantic to debate Oxford. Four years later, a second team went across to debate with seven of the oldest and most famous universities in England and won an audience decision from four of them including University of Cambridge.

TO RAISE \$7000

The world debate tour is estimated to cost about \$7000 and Guy P. Gannett, president of three Portland newspapers, together with a state committee of representative citizens of Maine are trying to raise that sum from alumni and friends of Bates and citizens of Maine.

Wakayama and Chun To Direct Program

Jack Wakayama, and Kenneth Chun, freshmen at the University, have been chosen to take charge of the joint meeting of the Chinese Students' Alliance and the Japanese Students' Association, to be held at Y. W. C. A. tonight at 7:30 p. m. Wakayama and Chun are both very active and popular, and have had wide experience in student organizations.

Wilfred C. Tsukiyama, attorney at law, and K. F. Lum of Nuuanu Y. M. C. A., will be the principal speakers of the evening. Two short plays will be given by the members of the organizations. Refreshment will be served by girls who will be dressed in Japanese kimonos and Chinese dresses.

As this will be the last joint meeting of the two clubs for this year a large number of students are expected to attend the meeting.

Soccer Squad Ready for Game

Equipment for the University soccer squad is gradually being accumulated, and the team expects to appear resplendent in brand new uniforms when they have their first regular game with the Koreans the week after vacation. Already the shoes have been secured, and sweaters which were ordered from England over a month ago, are expected to arrive soon. "Shorts" for the team are being made locally. ("Shorts" is the soccer player's name for the particular kind of pants in which they cavort about the field.)

The practice game between the University and a team from Schofield which was to have been played last week had to be postponed, but it is expected that the Varsity squad will be able to make arrangements for another scrimmage with the Honolulu Iron Works team this week.

A fair sized squad of soccer players is practicing regularly on Cooke field and at Punahou. Those who are turning out are Donald Dease, captain; Warren Dease, Joe Black, Edward Cushnie, C. Christofferson, J. Myatt, Webber, Donald Morrison, M. Ferreira, Herbert Kai, and John Kai.

It's always the first three or four days on the boat that are the hardest—ask some of the boys when they get back. Anyhow, the fishes appreciate a little attention.

Miss Hope Kim and Sister Entertain

In honor of their father's 61st birthday, Miss Hope Kim of the University and her sister, Miss Joyce Kim of McKinley High School had over forty friends at their Kaimuki home last Saturday night.

Dancing, mah jongg and cards, with hula, Charleston and blackbottom exhibitions provided an exciting evening. Throughout the entertainment, sandwiches, cookies and lemonade were served.

Students from the University who were invited to the occasion included Miss Kam Oi Sun, Miss Kam Ung Sun, Miss Florence Yap, Ah Leong Fong, Livingston Chun, James Shin, Pyuen Son Pyuen and James Hong.

K. S. Kim, brother of Miss Hope Kim has sent out 400 written invitations to both Korean and Haole friends to a banquet next Sunday. At twelve o'clock the sons and daughters dressed in native costumes will congratulate their father on his birthday. This ceremony will open the program for the day. Efforts are being made to secure some entertainers who would perform during the banquet. Numerous gifts sent to Mr. and Mrs. Kim will be laid out so those who wish, may see them.

Fong Is Reporter For Advertiser

Ah Leong Fong, popular freshman and a member of the University of Hawaii debating team has been recently appointed reporter of the Advertiser from the Chinese community. Fong enjoys the unique distinction of being the only freshman in the Hawaii Union, an honorary forensic organization on the campus.

He is also a member of the Cosmopolitan Club, Y. M. C. A. and other student organizations. Outside of school hours he is connected with the marriage license bureau where his brother is working.

LYDGATE BACK AT DORM

Another prodigal son has returned to Purity Inn—at least he returned shortly before he left for the coast to represent the University of Hawaii at a meeting of the National Students' Federation in Nebraska.

Percy Lydgate, for such is the person in question, returned to the comparative peace and quiet of the Inn because he found that the boys in his late habitat played rather roughly at times.

Rural Deputation Team To Visit Maui; Yamada Is Leader

Entertains at Pearl Harbor Last Sunday

Masao Yamada and his University Y. M. C. A. rural deputation team were nearly prevented from returning to Honolulu from Pearl Harbor last Sunday evening. Chaplain Day expressed his inclination to order the guard of the front gate not to let the university men out, after the men had participated in the Sunday evening services at the Navy Y. M. C. A.

But, the university men were saved. Chaplain Day had threatened them with detention in the navy yards with one condition. That condition was that the threat would not be enforced if the university men promised to return to Pearl Harbor again. This the men were glad to do. Their instrumental selections and singing seemed to have been greatly appreciated by all who attended the service.

SING AT HOSPITAL

In the late afternoon, after having sung at the Forum meeting at the Nuuanu Y. M. C. A. at 2 o'clock, the deputation team motored to Pearl Harbor where they entertained the sailors at the Navy Hospital, and serenaded Captain Reeves and his family. Dinner was enjoyed at the Navy Y, after which the men entertained the sailor lads with instrumental selections.

The team will present a musical program at the joint meeting of the Japanese Students' association and the Chinese Students' alliance at the Y.W.C.A. tonight.

SUNDAY SERVICE

Next Sunday morning the double quartet will sing at the Nuuanu Church, with President Arthur A. Hauck of Punahou, speaking. Yesterday afternoon the men entertained the students at Washington Junior High School. Last Friday night they entertained at the Pearl City theatre, in connection with a Hi-Y benefit show. On Saturday night they put on a similar program at the Wahiawa theatre.

TO VISIT MAUI

The team has been invited to go to Maui in January, to give religious and secular program at the various schools and churches there. The men will leave for Maui, after the first semester examinations.

The team is composed of Masao Yamada, chairman and second tenor; Taichi Matsuno, first tenor; T. Betsui, second tenor; Clarence Koike, baritone; Robert Masuhara, baritone; T. Fukuda and Shunzo Sakamaki, basses. The instrumental trio includes Taichi Matsuno, steel guitar; Shunzo Sakamaki, bass guitar; and T. Betsui, ukulele.

Icebound May Be Presented on Maui

(Continued from Page 1)
dance as the guests of Chaplain Blanchard.

REQUESTS FOR PLAY

Dr. A. L. Andrews has reported that he has heard many requests that the play be repeated in Honolulu, as there were many who were unable to see either of the two performances already given. Critics have been lavish in their praise of the performance of the cast of "Icebound," some declaring it to be one of the best amateur productions ever given in Honolulu. It is not yet known whether the play will be presented again locally, but if the requests seem to warrant it, Miss Cadwell said that it is highly probable that it will be repeated.

Danger Ahead

NO MATTER how careful a driver you are, you can't control the other fellow's car.

After the accident, you may find that while the fault was his, you suffer most—physically and financially.

Automobile Insurance won't control the other driver, but it will relieve you of worry when the repair bills, doctor's bills and lawyer's bills come piling in.

Automobile Insurance is a cheap way to save yourself thousands of dollars in law suits. Investigate now.

Insurance Department

Life Membership Given to K. F. Yap

In appreciation of his work in initiating and pushing to a successful issue the plans for an University of Hawaii, Mr. William Kwai Fong Yap was made a life member of the A. S. U. H. by unanimous vote of the Executive Committee at its last meeting Tuesday, December 6.

Mr. Yap has long been a friend and ardent backer of this institution, both when it was the College of Hawaii, and when, largely through his efforts, it became the University of Hawaii. He was personally responsible for the establishment of the scholarship known as the "Chinese Community Scholarship of Hawaii."

Several members of the Yap family have at various times attended the University of Hawaii, among them Miss Ruth Yap, who is now working for an advanced degree in mathematics at an eastern university, and David Yap, now a senior here.

Filipino Students Hosts at Social

The "Filipino United Center" was the scene of an enjoyable party, Saturday evening, Dec. 2. The occasion was a "Parents and Friends Social" sponsored by the Filipino Students Alliance, an organization of Filipino students at the University of Hawaii and different secondary schools in the city.

The spacious hall of the Center began to be filled with guests at 7:00 o'clock and about thirty minutes after, the program started with a welcome address by the president of the club. This was followed by songs and musical selections. Mrs. Stainback, one of the guests, favored the party with two delightful vocal solos and Mr. and Mrs. C. W. Best rendered splendid "four-on hands on the piano" selections. Mrs. Petra V. Ligot wife of Labor Commissioner Ligot, gave an interesting talk on sex relations.

After the refreshments which were served by Filipino girls, some of whom were dressed in their characteristic national costumes, everybody took part in the games led by Miss Semprosia Guillerres who was the life of the party.

The Filipino students of the Alliance extend their thanks to their many friends who attended the social and who helped to make it successful.

Out of the Past

The College of Agriculture and Mechanic Arts of the Territory of Hawaii was created by an act of legislature, 1907. This name was later changed to the College of Hawaii. From 1908 to 1912, the College of Hawaii was housed in temporary buildings in the McKinley School grounds.

The first journalism class of the University of Hawaii was started September 1923. Its enrollment was limited to 20 members.

Five years ago this week, the University defeated the Navy in a football game, score 13-10.

Four years ago: About 1742 persons heard the broadcasting of the Hawaii-Pomona game at the Hawaii Theater. This was the first game played by the University on the mainland. Hawaii lost, 14-7.

Three years ago: Varsity sunk the Navy—16-3.

Two years ago: The University band and the R.O.T.C. cadets welcome returning football team from the mainland.

One year ago: Navy sunk by Varsity Stalwarts.

Prayer of the Ages
Onward! Onward!
Oh, time in your flight
And make the bell ring
Before I recite!

It was a dark night and the motorist was lost. Presently he saw a sign on a post. With great difficulty he climbed the post, struck a match, and read, "Wet Paint."

R.O.T.C. Cadets To Fire Rifles

All Sophomores Urged To Participate; U. H. Record High

During the Christmas vacations, the annual holiday rifle shooting program will take place at the University of Hawaii range for Sophomores and Juniors, beginning Monday at 7:30 A. M., December 19 to 24 inclusive. Rifles and ammunition will be brought up to the range so that it will not be necessary for anyone to go to the armory to get his rifle and ammunition.

All Juniors are expected to be at the range to help the Sophomores get acquainted with the service rifle. It is not compulsory for sophomores to turn out but the military department wants as many as possible to go out to the range, so that the University of Hawaii will have better trained shooters to compete with all the universities on the mainland in the national marksmanship competition for the Warrior of Hawaii trophy, which was offered by our university to the university making the highest record in shooting at the various R. O. T. C. camps to be held during the summer vacations.

Heretofore the University has produced many good marksmen, and with the interest shown by many cadets this year it is expected that this record will be kept up.

Every cadet will be allowed to fire as many shots as he wishes. The coach and pupil method will be used. Freshmen cadets are requested not to turn out unless they have been members of the firing teams of the schools which they have previously attended.

Plow the Aggies

Personals

Miss Ruth Irwin has been voted into the Alpha Phi Sorority at the University of Washington. She was a freshman at the University last year and many people remember her for acting in "The Admirable Crichton." She played the part of "Tweeny."

Miss Cornelia MacIntyre has been pledged by the Chi Omega Sorority at the University of Washington, which institution she entered, after completing her first year at the University of Hawaii. At present she is living in the sorority house. She majors in art and is taking three subjects in this course. She has also made the Dramatic Society.

Mr. and Mrs. Gichi Fujimoto gave a Japanese dinner party Saturday evening at their home on Farrington Street. The ladies wore kimonos, and all sat on the floor. Sukiyaki was prepared on charcoal stove on the table in the usual Japanese style. Among those present were Professor and Mrs. Paul Kirkpatrick, Dr. L. Neuffer, Professor A. Neuffer and Dr. E. M. Bilger.

Dr. L. Neuffer and Dr. E. M. Bilger, were among those present at a beach supper-party given by Professor and Mrs. E. H. Bryan last Sunday.

Weinrich Talks On Mosquitoes

Points Out Dangers of Yellow Fever in Hawaii

A possible danger of introducing yellow fever into the islands with the putting of faster ships on the San Francisco-Hawaii run was pointed out by William Weinrich in an address to the entomology class at the University last Wednesday. Mr. Weinrich is an eminent authority on mosquitoes, and he illustrated his talk with much interesting information on the life habits of that insect.

YELLOW FEVER MOSQUITOES HERE

According to the speaker, the common striped mosquito seen here in the daytime is the yellow fever mosquito which spreads that dreaded malady prevalent on the mainland. The mere fact that we have never had an epidemic of yellow fever here is no sign that such a thing is impossible, the speaker pointed out. He told of having caught mosquitoes in his cabin three days out from San Francisco on trips down here, and declared that it would be possible for the mosquito to live a day or day and a half longer, and so with the new fast boats of the Malolo type which make the trip in four days, the mosquito could reach here alive. It takes just about three days for the germs in a mosquito which has bitten a yellow fever patient to mature, so the insect would arrive here just at the time when its bite would be able to transmit the fever.

GREATER PRECAUTION URGED

Mr. Weinrich advocated greater community precautions in exterminating mosquitoes stressing the fact that the accumulation of rubbish in people's yards was a prevalent means of spreading the pest. He said that there should be some form of mosquito trap in every yard to reduce the breeding of that insect.

INFLUENCE OF MOSQUITOES

The importance of mosquitoes in shaping world history was mentioned by the speaker, who declared that the fall of Rome, the failure of the French to construct the Panama Canal, and in general the prosperity of all tropical countries were greatly influenced by the mosquito.

Company "L" Wins R.O.T.C. Competition

Company L, under the leadership of Cadet Captain Percy E. Lydgate, won the third inter-company R.O.T.C. competition with the average of 88.76. Cadet First Lieutenant Charles Buchanan has been in command of the company since the absence with leave of Cadet Captain Lydgate who sailed for the Nebraska conference of the National Students' Federation.

Company K took second place with the score of 87.63; Headquarters Company third, score 87.39; Company I, fourth, 86.28; Howitzer Company, fifth, 85.77; Company H, sixth, 83.62; and Company M, seventh, with the score of 83.09.

Second Battalion won the battalion competition with First Battalion, second, and Third Battalion last.

The average of the regiment was 86.09.

Headquarters' Company has the highest average up to date; Howitzer Company, second; Co. L, third; Co. K, fourth; Co. I, fifth; Co. M, sixth and Co. H, seventh.

First Battalion is leading in battalion competitions with the score of 86.56; Second Battalion next with 86.07; and Third Battalion, last with the score of 85.62.

The regimental average up to the present time is 86.03.

Company L made high scores in inspection, attendance, and training.

Company L and Headquarters Company were found to be equally well trained. Co. M made the lowest score in training.

Company I won in the first inter-company competition, Howitzer, the second, and Co. L, the third and the last one for the year 1927. The December results of the competition will be figured out next year in January. All these figures go to count in the annual inter-company contest within the university regiment.

Judges of the day were Colonel Adna G. Clarke, Captain Norman Nelson and Captain Cecil J. Gridley with cadet officers assisting.

In German Class

A certain Mr. Wong at the University of Hawaii is so modest that he even hesitates to pronounce the word h-e-e-l-l. On Monday, November 28, this Mr. Wong was asked to read a few sentences in German. It happened that this most detestable word to the Christian ear appeared in the sentence. When he came to that word he stopped; everyone wondered, looked at him. Suddenly everyone burst out laughing. There are many students still wondering why he didn't want to pronounce the word; in German it only means light or bright and has nothing to do with the fellow in the lower regions.

The sentence that Mr. Wong cannot forget is: Es ist noch hell, meaning it is not bright.

HUSKY UTAH AGGIES HIT HONOLULU

(Continued from page 1)
game at which time they will transfer to the Moana Cottages and remain there for the duration of their visit. He intends to carry on practice at one of the Schofield army fields and not to work out on the Stadium turf until the morning of the game. The Utah mentor feels that Wahiawa is an ideal place to whip his squad into shape and to get his men thinking football, because of its location and moderate climate, keeping them in an environment which will keep their minds on the business confronting the team.

FARMERS IMPRESSIVE
At first glance the Farmers impress one as being not only big and husky but also as a group of college grid-ders who know what the game is all about. Their main trouble this season has been a healthy jinx that always withholds hostilities until the Aggies have penetrated their opponent's 10-yard line. Inside this territory he is ever active. Several weeks ago the Blue and White team held the championship Colorado Aggies to a 6-0 game after the Romney-coached men had twice missed a touchdown by inches and gotten inside the Colorado Farmers' 10-yard line four times. It is this bugaboo that the Utes come 3,000 miles to evade, and in all justice to them we can only hope that Hawaii beats Utah cleanly and not on the strength of any hard-luck breaks.

ALL-AMERICAN PLAYERS
Two Utah men gained all-American mention last year on the Warner-Rockne-Jones selection and both promise to repeat this season. They are Capt. Tuff Linford and Bob Gibbons, tackle and guard on the Aggie team. Both will be seen in action next Saturday and University

WITH THE RAINBOW WARRIORS

By FRED STOCKS
The front steps of Hawaii Hall have lost that vacant "day after dentist appointment" look, now that the football team is back from their trip to the coast—bull sessions have been resumed with their former vigor and with the added zest of the newest mainland jokes.

From all reports, the boys had a pretty good time in Hollywood—"Rusty" Holt met a young person who had "It" and—well we fear that any more disclosures might bring about divorces so here the story ends.

Jupiter Pluvius, which is not Bush's Scotch nickname, has been keeping Cooke field in condition against the team's return. Last Monday, Proc was undecided for three minutes whether to issue football uniforms or bathing suits for practice. Elmer Harpham decided the question for him by saying "It doesn't make much difference, they're all wet anyway!"

The team is getting back into condition for the game on Saturday against the Utah Aggies. Daily workouts on Cooke field are gradually dispelling the ill effects of a long lay-off.

We are expecting a pretty good game on Saturday—the Aggies are not, it is true, at the head of their conference, but, from all reports, they are fighting, determined bunch, and Hawaii had better not enter the game thinking it will be a cinch. May the best team win, anyhow.

In concluding this column, which by the way, will be the last for the year 1927, (applause), we will give, out of respect for our Scotch Ancestry, to our readers the traditional Celtic Christmas greetings. A MERRY CHRISTMAS AND A HAPPY NEW YEAR FOR THE REST OF YOUR LIFE!

fans will thus get a glimpse of two stellar performers who have gained national ranking. Linford likes Honolulu already and contemplates staying here, he confided. After hearing him tell of the three feet of snow and sleet which he left behind him, we can't see how he can be blamed very much.

STATISTICS AVAILABLE

Dean Keller To Review Cadets

Seven "U" Men Will Be Presented With Medals

Dean Arthur R. Keller, acting President of the University of Hawaii, and Major in the United States Army Officers' Reserve Corps, will be the reviewing officer of the day on Friday 7:30 o'clock at which time seven cadets will be presented with the 1927 inter-collegiate bronze medals for marksmanship they won at Schofield Barracks during the last summer camp. A special parade is going to be held to mark the occasion. The sponsors will also be present to give the awards to the various cadets.

Other cadets who acted as alternates and those who rated high in marksmanship will be awarded letters at that time. Winner in pistol marksmanship will also be awarded badges.

Those cadets who are going to be awarded the medals are Cadet M. V. Heminger, graduate; Cadet Captain H. Hamamoto; Cadet Captain P. S. Pyueng; Cadet First Lieutenant C. R. Weight; Cadet Second Lieutenant C. Yanaga; Cadet First Sergeant W. M. Dease; and Cadet H. R. Shaw graduate.

This will be the last parade that the cadets of the military department are going to participate in this year and it is likely to be one of the best to be seen this year.
